# ALABAMA PRACTICE-BASED CME:

## Managing the Care of Complex Adult Patients

Literature Search Evaluation & Certificate Request Form

A key focus of the Alabama Practice-Based CME program is to provide Alabama physicians with the up-to-date information needed for day-to-day patient management.

Objective: Participants will be better able to manage the care of complex adult patients by addressing individual patient issues through literature review and reflection.

Based on your recent literature request, we would like you to take a moment to answer the following questions:

1. My personal learning objective / patient care question was:

   _____

   _____

2. How useful was the literature search in addressing this question?

   1 2 3 4 5
   not useful very useful

3. How relevant were the articles you received in addressing this question?

   1 2 3 4 5
   not relevant very relevant

Please provide us with your suggestions for how to improve the literature search program.
